

NUETECH SOLAR SYSTEMS

NUETECH SOLAR SYSTEMS, one of the leading manufacturer of Solar Water Heater in India for domestic and Industrial applications since 1992. **NUETECH** consists of highly spirited team of engineers with strong R & D base and Customer service. **NUETECH** clientele includes ISRO, TELECOM, RAILWAYS, GOVERNMENT HOSTELS, HOSPITALS, ALL LEADING HOTELS AND LODGES.

NUETECH renowned for its efficiency, most trusted and reliable name in the industry and has established itself as the best Solar Water Heater in India. *Quality, Teamwork, after Sales and Service are the keys for our success.*

OUT STANDING FEATURES:

- BIS certified (ISI mark) under IS-12933 and an ISO 9001-2000 Company.
- 2002 - *Rashtriya Rattan* Award Winner.
- Best Solar collector in industry for excellent performance, tested and certified by solar energy testing centre, Madurai Kamraj University.
- Innovative design for winter season.
- Modular designs and wide capacity ranges from 100 Ltrs. to any capacity, custom designed for total solution of hot water.
- **NUETECH** Solar heating capability to reach up to 85°C.
- Approved by MNES, IREDA, (Govt. of India), Karnataka State Science and Technology (KSCST), RDPR (Govt. of Karnataka) and all MNES approved banks.
- Quick service from our Authorised Regional Service Centres.
- Our Motto is Total Quality, customer satisfactions, and cost efficiency.

THE FEATURES OF TECHNOLOGY:

- Fins, headers, riser and internal pipes are all made of *Electrolytic* copper.
- "NALSUN" (Patent of National Aerospace Laboratories) for selective *Black Nickel Chrome* Plating for higher efficiency. Absorbity of >96% and emmissivity <14%.
- Unique *serrated* fins deep *embossed*, with *ultrasonic bonding* for more reflection, increasing the Solar absorbity.
- The only insulation material "*Minrock*" resin bonded slabs of 48 kg/m³, for collectors and tanks has recorded highest heat retaining through out the cold nights, insulated by highly skilled experts in insulation field.
- Rigid, structural extruded aluminum channels.
- Inner tank made of a special grade non corrosion *stainless steel with Tig welded.*
- *Adjustable thermostat* with thermal cutout with water proof in built electrical heating backup provide hot water even during cloudy days.
- The only system with *Indium activated* special grade sacrificial anode protects systems from hard water.
- *E.P.D.M.* beading and gaskets, 100% water proof, for long life.
- All welding joints in collectors and tank, *pressure tested @ 5kg/cm².*
- All screws and components are non corrosive, with outer surface *powder coated.*
- 5 year warranty against manufacturing defects.

BENEFITS AND FINANCE OPTIONS:

- 100% Depreciations in the First year itself.
- Rebate on Electricity Bill from KPTCL, Govt. of Karnataka.
- We can arrange Soft Loans, available from IREDA intermediary, Canara Bank, Syndicate Bank, Punjab National Bank, Bank of Maharashtra and Union Bank of India @ 5% simple interest payable 60 monthly installments.
- Payback with 2½ years depending on power tariff and extent of usage by reduction in electricity bill resulting in substantial long term savings.
- Hot water whenever you need.
- Non polluting and environmental friendly.
- Save electricity, save money, save environment for greener and cleaner world.
